

Child Leadership Training Institute (CLTI)

As an addition to the PLTI program in Naugatuck, children of the participating parents had the opportunity to learn alongside their parents. All curriculums that were introduced to the parents were paired to age appropriate learning for children aged 5-12. The inaugural class of 2015 graduated 13 child leaders on June 3, 2015.

The children gave back to their community by holding a bottle and can drive to help the Naugatuck Mason's with their handicapped accessible playground; painted a 4'x8' mural of our community to donate to the Naugatuck Youth Services; sent letters of encouragement through a pen-pal program; used their voice through voting and treating their hard working parents to an ice cream sundae party.
